STATINTL

FROM :

[REDACTED]
Executive Officer, DDA

SUBJECT : State of the Directorate Address

STATINTL

1. Mr. Blake plans to give a State of the Directorate address on 23 September at 10:30 A. M. in the Auditorium. As you know, such an address has not been given for the last two years. He asks that you pull together for him some DDO statistics covering the past two years, and he would leave to your discretion the significance of the statistics, even if they are less than favorable.

2. In addition to the above, Mr. Blake would like about a two-minute script on our new senior rotation program, use of non-MGers in lower graded MG positions, and whatever else you would like to work in. This, of course, relates to the general question, "Is cross-fertilization in DDA a viable program?"

3. It is requested that your script outline be submitted to the undersigned by COB 16 September.
